

Cyprus carabid records, Mark Telfer, 26th March to 4th April 2010										
chronseq	Species (scientific name)	Level of certainty	Date	Locality	Lat (WGS84)	Long (WGS84)	Number seen	Number collected	Number kept (carded)	Comments
1	<i>Calathus leptodactylus</i>	Confident	27/03/2010	Ambrosia Gardens, Kato Pafos, adjacent arable fields	34:45.048N	32:25.577E	1m, 5ff	1m, 5ff	1m	All teneral. Very similar to <i>cinctus</i> ; dubiously distinct?
2	<i>Calathus longicollis</i>	Confident	27/03/2010	Ambrosia Gardens, Kato Pafos, adjacent arable fields	34:45.048N	32:25.577E	2m	2m		Both teneral. Both dissected.
3	<i>Broscus nobilis</i>	Confident	27/03/2010	Ambrosia Gardens, Kato Pafos, adjacent arable fields	34:45.048N	32:25.577E	1	1		Abdomen only.
4	<i>Platyderus</i> nov. sp.?	Probable	27/03/2010	Pafos Mall, adjacent dry valley	34:46.595N	32:26.662E	1m	1m	1m	Austin <i>et al.</i> species number 214?
5	<i>Amara montana</i>	Confident	27/03/2010	Pafos Mall, adjacent dry valley	34:46.595N	32:26.662E	1f	1f	1f	
6	<i>Trechus saulcyanus</i>	Probable	27/03/2010	Pafos Mall, adjacent dry valley	34:46.595N	32:26.662E	1f	1f	1f	Very teneral. Not confident of ID as I have no idea what <i>cyprinus</i> looks like.
7	<i>Microlestes fulvibasis</i>	Probable	27/03/2010	Pafos Mall, adjacent dry valley	34:46.595N	32:26.662E	1m	1m	1m	
8	<i>Agonum nigrum</i>	Confident	28/03/2010	Fassouri reedbeds: reedy ditch	34:37.641N	32:56.465E	7	2mm, 1f	2mm, 1f	
9	<i>Pterostichus cursor/leonisi</i>	Confident	28/03/2010	Fassouri reedbeds: reedy ditch	34:37.641N	32:56.465E	1f	1f	1f	
10	<i>Chlaenius dimidiatus</i>	Confident	28/03/2010	Fassouri reedbeds: reedy ditch	34:37.641N	32:56.465E	1f	1f	1f	
11	<i>Scarites subcylindricus</i>	Confident	28/03/2010	Fassouri reedbeds: reedy ditch	34:37.641N	32:56.465E	1m	1m	1m	
12	<i>Microlestes fulvibasis</i>	Probable	28/03/2010	Fassouri reedbeds: reedy ditch	34:37.641N	32:56.465E	2m	2m	2m	
13	<i>Notiophilus danieli</i>	Confident	28/03/2010	Fassouri reedbeds: reedy ditch	34:37.641N	32:56.465E	1			Jo Hodgkins only. Not collected.
14	<i>Syntomus fuscomaculatus</i>	Confident	28/03/2010	Fassouri reedbeds: salt-pan habitat inland of reeds	34:37.641N	32:56.465E	2mm, 1f	2mm, 1f	2mm, 1f	Pair together, plus lone male.
15	<i>Syntomus impressus</i>	Confident	28/03/2010	Fassouri reedbeds: salt-pan habitat inland of reeds	34:37.641N	32:56.465E	2ff	2ff	2ff	2 females together, a few inches from the pair of <i>S. fuscomaculatus</i> ! New for the Akrotiri peninsula (Kevin Austin pers. comm., 13iv2010).
16	<i>Siagona europaea</i>	Confident	28/03/2010	Fassouri reedbeds: salt-pan habitat inland of reeds	34:37.641N	32:56.465E	1f	1f	1f	Very fast.
17	<i>Amara ditomoides</i>	Confident	28/03/2010	Fassouri reedbeds: salt-pan habitat inland of reeds	34:37.641N	32:56.465E	1m, 2ff	1m, 2ff	1m, 1f	All teneral.
18	<i>Calathus leptodactylus</i>	Confident	28/03/2010	Fassouri reedbeds: salt-pan habitat inland of reeds	34:37.641N	32:56.465E	1f	1f	1f	
19	<i>Harpalus distinguendus</i>	Confident	28/03/2010	Fassouri reedbeds: salt-pan habitat inland of reeds	34:37.641N	32:56.465E	1m	1m	1m	Comparable to <i>H. affinis</i> .
20	<i>Cicindelinae</i> sp. larval burrows		28/03/2010	Akrotiri Salt Lake, S side	34:36.285N	32:59.229E				
21	<i>Tachys scutellaris</i>	Probable	28/03/2010	Akrotiri Salt Lake, S side	34:36.285N	32:59.229E	10+	5mm	2mm	
22	<i>Pogonus syriacus</i>	Confident	28/03/2010	Akrotiri Salt Lake, S side	34:36.285N	32:59.229E	3mm, 2ff	3mm, 2ff	3mm, 2ff	
23	<i>Dicheirotrichus obsoletus</i>	Possible	28/03/2010	Akrotiri Salt Lake, S side	34:36.285N	32:59.229E	1m, 1f	1m, 1f	1m, 1f	
24	<i>Scarites subcylindricus</i>	Confident	28/03/2010	Akrotiri Salt Lake, S side	34:36.285N	32:59.229E	1	1	1	
25	<i>Carabus anatolicus</i>	Confident	29/03/2010	Smigies picnic site, Akamas Peninsula	35:01.507N	32:19.740E	1m	1m	1m	

26	<i>Calathus leptodactylus</i>	Confident	29/03/2010	Neo Chorio, fields just outside village	35:01.490N	32:21.426E	1			Escaped.
27	<i>Calathus longicollis</i>	Confident	29/03/2010	Neo Chorio, fields just outside village	35:01.490N	32:21.426E	2mm, 3ff	2mm, 3ff	1m, 1f	All males dissected.
28	<i>Bembidion leucoscelis</i>	Confident	29/03/2010	Neo Chorio, fields just outside village	35:01.490N	32:21.426E	1m	1m	1m	
29	<i>Calathus leptodactylus</i>	Confident	29/03/2010	Ambrosia Gardens, Kato Pafos, adjacent arable fields	34:45.048N	32:25.577E	3			Torchlight searching.
30	<i>Bembidion praeustum</i>	Confident	31/03/2010	Trooditiss, stream near monastery	34:54.914N	32:50.547E	1m, 1f	1m, 1f	1m, 1f	All-pale elytra.
31	<i>Bembidion siculum</i>	Confident	31/03/2010	Trooditiss, stream near monastery	34:54.914N	32:50.547E	2mm, 4ff	2mm, 4ff	2mm, 2ff	Like <i>deletum</i> in colour with head-punctures like <i>decorum</i> .
32	<i>Bembidion subcostatum</i>	Confident	31/03/2010	Trooditiss, stream near monastery	34:54.914N	32:50.547E	1f	1f	1f	Four-spotted like <i>tetracolum et al.</i>
33	<i>Trechus saulcyanus</i>	Probable	31/03/2010	Trooditiss, stream near monastery	34:54.914N	32:50.547E	2mm	2mm	2mm	Not confident of ID as I have no idea what <i>cyprinus</i> looks like.
34	<i>Tachyura quadrisignata</i>	Confident	31/03/2010	Trooditiss, stream near monastery	34:54.914N	32:50.547E	2	2		Still alive awaiting photography.
35	<i>Stenolophus abdominalis</i>	Confident	31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	Common	6	4	
36	<i>Chlaenius vestitus</i>	Confident	31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	4	2mm, 1f	2mm, 1f	
37	<i>Tachyura haemorrhoidalis</i>	Confident	31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	10	10	4	
38	<i>Tachyura lucasi</i>	Confident	31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	1f	1f	1f	
39	<i>Tachyura thoracica</i>	Confident	31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	4	4	4	
40	<i>Tachys (Paratchys) sp.</i>	???	31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	4mm, 1f	4mm, 1f	4mm, 1f	Not like British <i>bistriatus</i> or <i>micros</i> . <i>T. fulvicollis</i> and <i>turkestanicus</i> eliminated using draft key. Leaves <i>cyprinus</i> Coulon, 2004, or number 63 'n. sp. (?= <i>pliginskyi</i> ?)'.
41	<i>Bembidion praeustum</i>	Confident	31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	2mm	2mm	2mm	Elytra all pale.
42	<i>Anchomenus dorsalis</i>	Confident	31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	A few	1	1	
43	<i>Olisthopus glabricollis</i>	Confident	31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	1	1	1	Very teneral.
44	<i>Bembidion subplagiatum</i>	Confident	31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	2ff	2ff	2ff	
45	<i>Trechus saulcyanus</i>	Probable	31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	1m	1m	1m	Not confident of ID as I have no idea what <i>cyprinus</i> looks like.
46	<i>Bembidion siculum</i>	Confident	31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	1m	1m	1m	
47	<i>Acupalpus?</i>		31/03/2010	River Diarizos, by F616 bridge, near Kidasi	34:48.862N	32:42.982E	1			Predominantly dark. Specimen escaped!
48	<i>Broscus nobilis</i>	Confident	01/04/2010	Asprokremmos Dam, dry river bed below dam	34:43.119N	32:33.037E	1	1	1	

49	<i>Syntomus impressus</i>	Confident	01/04/2010	Asprokremmos Dam, dry river bed below dam	34:43.119N	32:33.037E	4mm, 1f	4mm, 1f	2mm	1 of the males teneral.
50	<i>Bembidion leucoscelsis</i>	Confident	01/04/2010	Asprokremmos Dam, dry river bed below dam	34:43.119N	32:33.037E	3mm	3mm	2mm	1 teneral.
51	<i>Trechus saulcyanus</i>	Probable	01/04/2010	Asprokremmos Dam, dry river bed below dam	34:43.119N	32:33.037E	3	3		All teneral. Same species as at Trooditiss and R. Diarizos.
52	<i>Microlestes</i> sp.		01/04/2010	Asprokremmos Dam, dry river bed below dam	34:43.119N	32:33.037E	1m	1m	1m	Have ruled out all but <i>infuscatus</i> , <i>syriacus</i> and <i>assingi</i> (of the spp on Cyprus list). Entirely dark beetle but genitalia match Jeannel's illustration of <i>corticalis</i> .
53	<i>Olisthopus glabricollis</i>	Confident	01/04/2010	Asprokremmos Dam, dry river bed below dam	34:43.119N	32:33.037E	1m	1m	1m	
54	<i>Notiophilus danieli</i>	Confident	01/04/2010	Asprokremmos Dam, dry river bed below dam	34:43.119N	32:33.037E	1	1	1	
55	<i>Asaphidion cyprum</i> (?= <i>flavicorne</i> ?)	Confident	01/04/2010	Asprokremmos Dam, mud at outflow	34:43.374N	32:32.914E	1m	1m	1m	Very teneral.
56	<i>Stenolophus abdominalis</i>	Confident	01/04/2010	Asprokremmos Dam, mud at outflow	34:43.374N	32:32.914E	1m	1m		
57	<i>Tachys scutellaris</i>	Probable	01/04/2010	Zakaki: reed litter at edge of pool	34:38.587N	33:00.196E	1m, 1f	1m, 1f	1m, 1f	
58	<i>Scarites subcylindricus</i>	Confident	01/04/2010	Zakaki: reed litter at edge of pool	34:38.587N	33:00.196E	c.6	3		
59	<i>Tachys fulvicollis</i>	Confident	01/04/2010	Zakaki: reed litter at edge of pool	34:38.587N	33:00.196E	1m, 1f	1m, 1f	1m, 1f	Paler and faster than ' <i>scutellaris</i> '.
60	<i>Agonum nigrum</i>	Confident	01/04/2010	Zakaki: reed litter at edge of pool	34:38.587N	33:00.196E	Common	1		
61	<i>Megacephala euphratica euphratica</i>	Confident	01/04/2010	Zakaki: cracked mud amidst low halophyte shrub beyond edge of reeds	34:38.489N	33:00.217E	1f	1f	1f	Dug out from shallow burrow in salt pan under piece of litter.
62	<i>Daptus vittatus</i>	Confident	01/04/2010	Zakaki: cracked mud amidst low halophyte shrub beyond edge of reeds	34:38.489N	33:00.217E	1m	1m	1m	
63	<i>Pogonistes liliputanus</i>	Confident	01/04/2010	Zakaki: cracked mud amidst low halophyte shrub beyond edge of reeds	34:38.489N	33:00.217E	3mm, 2f	3mm, 2f	2mm, 2f	
64	<i>Tachys scutellaris</i>	Probable	01/04/2010	Zakaki: cracked mud amidst low halophyte shrub beyond edge of reeds	34:38.489N	33:00.217E	3mm, 1f	3mm, 1f	3mm	
65	<i>Tachys centromaculatus</i>	Probable	01/04/2010	Zakaki: cracked mud amidst low halophyte shrub beyond edge of reeds	34:38.489N	33:00.217E	2mm, 4ff	2mm, 4ff	2mm, 4ff	I assume these examples with paler prothorax, elytra (including epipleura) and appendages, and longer antennae are <i>centromaculatus</i> . However, male genitalia indistinguishable from <i>scutellaris</i> .
66	<i>Calathus leptodactylus</i>	Confident	02/04/2010	Avdimou: road N from beach	34:40.456N	32:45.877E	Common			
67	<i>Calathus longicollis</i>	Confident	02/04/2010	Avdimou: road N from beach	34:40.456N	32:45.877E	2mm, 1f			Both males dissected.
68	<i>Notiophilus danieli</i>	Confident	02/04/2010	Avdimou: road N from beach	34:40.456N	32:45.877E	1f	1f	1f	
69	<i>Orthomus berytensis</i>	Confident	02/04/2010	Avdimou: road N from beach	34:40.456N	32:45.877E	1m, 1f	1m, 1f	1m, 1f	Flattened. Broad, reminiscent of <i>Abax</i> . Furthest west record on Cyprus?
70	<i>Trechus saulcyanus</i>	Probable	02/04/2010	Avdimou: road N from beach	34:40.456N	32:45.877E	6
